RULE	SECTION IV - BAGGAGE
116	BAGGAGE REGULATIONS (Continued)
	(H) DELIVERY OF CHECKED BAGGAGE BY CARRIER: (1) Checked baggage will be delivered to the bearer of the baggage check upon payment of all unpaid sums due Carrier under contract of carriage and upon return to Carrier of the baggage (claim) tag(s) issued in connection with such baggage. Carrier is under no obligation to ascertain that the bearer of the baggage check and baggage (claim) tag is entitled to delivery of the baggage and Carrier is not liable for any loss, damage or expense arising out of or in connection with such delivery of the baggage. Except as otherwise provided in sub-paragraph (3) herein, delivery will be made at the destination shown in the baggage check; (2) If the provisions of sub-paragraph (1) above, are not complied with by a person claiming the baggage, Carrier will deliver the baggage only on condition that such person establishes to Carrier's satisfaction his rights, thereto, and if required by Carrier, such person shall furnish adequate security to indemify Carrier for any loss, damage or expense which may be incurred by Carrier as a result of such delivery; (3) At the request of the bearer of the baggage check and baggage (claim) tag(s), checked baggage will be delivered at the place of departure or an intermediate stopping place upon the same condition provided for in sub-paragraph (1) hereof, unless precluded by government regulations, or unless time and circumstances do not permit. In delivering baggage at the place of departure or at any intermediate stopping place, Carrier shall be under no obligation to refund any charges paid. (4) Acceptance of baggage by the bearer of the baggage check and baggage (claim) tag(s) without written complaint at the time of delivery is presumptive evidence that the baggage has been delivered in good condition and in accordance with the contract of carriage.
	(I) PAYMENT OF CHARGES: Carrier will not be obligated to carry baggage until the passenger has paid all applicable charges or has complied with credit arrangements established by Carrier.
C	(J) COLLECTION OF EXCESS WEIGHT, OVERSIZE AND/OR ADDITIONAL PIECE CHARGES: (Applicable to X, CP only.) At the passenger's option, excess weight, oversize and/or additional pieces will be payable either at the point of origin for the entire journey to final destination, or, at the point of origin to the point of stopover, in which event, when carriage is resumed, charges will be payable from the point of stopover to the next point of stopover or destination. When a journey for which a through excess baggage ticket has been issued there is an increase in the amount of excess baggage carried. Carrier will issue a separate excess baggage ticket for such increase and collect charges to the next stopover point or destination, as the case may be.
	(K) EXCESS WEIGHT/OVERSIZE AND/OR ADDITIONAL PIECE AND VALUE CHARGES ON REROUTINGS OR CANCELLATIONS: When a passenger is rerouted or his carriage cancelled, the provisions which govern with respect to the payment of additional fares or the refunding of fares shall likewise govern the payment or the refunding of excess weight charges and the payment of excess value charges, but no refund of value charges will be made when a portion of the carriage has been completed.
	(L) GENERAL CONDITION OF APPLICABILITY: (Applicable to CP only.) Conditions and limitations or restrictions for the acceptance of baggage which are applicable to CP only as outlined in this Rule apply locally on CP or for interline transportation where CP is involved in the routing.

RULE	SECTION IV - BAGGAGE

117 BAGGAGE REGULATIONS (Applicable to SN only except for transportation from/to or via the U.S.A.)

(A) CHECKED BAGGAGE

(1) Nothing contained in this tariff shall entitle a passenger to have his baggage checked on a journey for which Carrier does not offer facilities for checking of baggage.

(2) Carrier shall receive baggage on board any flight upon a baggage check for the flight having been presented for carriage and upon a baggage tag having been affixed thereto. Baggage for which a baggage check has been issued by carrier shall be delivered to the bearer of the baggage check provided however that carrier shall not be liable for any loss, damage or expense arising out of or in connection with its failure to ascertain that the person claiming the baggage is the bearer of the baggage check applicable thereto. If a person claiming the baggage is unable to present the baggage check, carrier shall deliver the baggage if such person establishes that person's right thereto to carrier's satisfaction and carrier may require such person to furnish adequate security to indemnify carrier for any loss, damage or expense which may be incurred by carrier as a result of such delivery.

(B) MOVEMENT OF BAGGAGE

Checked baggage will be carried in the same aircraft as the passenger unless such carriage is deemed impracticable by Carrier, in which event Carrier will move the baggage on the next preceding or subsequent flight on which space is available.

(C) INSPECTION BY CARRIER

Carrier has the right, but not the obligation, to verify in the presence of the passenger the contents of his baggage, and in the case of unaccompanied baggage to open and examine such baggage whether or not the passenger is present. The existence or excercise of such right shall not be construed as an agreement, expressed or implied, by Carrier to carry such contents as would otherwise be precluded from carriage.

(D) DANGEROUS, DAMAGEABLE OR UNSUITABLE BAGGAGE

Passenger must not include in checked baggage items which are likely to endanger the aircraft, persons or property, which are likely to be damaged by air carriage or which are unsuitably packed or which items by their particular nature (Fragile, Perishable, Valuable) the carrier does not agree to carry. If the weight, size or character of the baggage renders it unsuitable for carriage on the aircraft, carrier may, prior to, or at any stage of the journey, refuse to carry the baggage or any portion thereof. The following items will be carrier as baggage only after prior consent of and arrangement with the carrier, with exceptions to the acceptance of certain items clearly indicated:

(1) Firearms of any description, except those for sport purposes will not be carried when accompanying the passenger. Firearms for sport purposes will be carried when accompanying the passenger, provided that entry permits are in the possession of the passenger for the country or countries of transit and destination, and provided that such firearms are disassembled or packed in a suitable case designed for the shipping of such items: (Does not include standard carrying case or any container provided by the carrier).

EXCEPTION 1: This provision does not apply to officers of the law carrying side arms.

EXCEPTION 2: Rifles of Armed Forces Personnel, when retained by the passenger at his seat position, need not be packed in a case.

(2) Explosives, munitions, corrosives and articles, which are easily ignited:

Includes all items listed in the IATA (International Air Transport Association) Restricted Articles Regulations and the Official Air Transport Restricted Articles Tariff No. 6-D, NTA(A) No. 37, C.A.B. No. 82.

EXCEPTION: Ammunition will be carried as checked baggage only and must be securely packed in strong outside containers of wood, metal or fibreboard, plainly marked, AMMUNITION.

(3) Live animals, including birds and reptiles, other than "Seeing Eye" dogs.

(4) Photo flash bulbs, when appropriately marked and contained in the original package of the Manufacturer.

(5) Fragile Items: Carrier does not agree to carry fragile items as checked baggage, or when otherwise placed in the care of the carrier, unless they are appropriately packaged in the original factory-sealed carton, a cardboard mailing tube, or a container or case specifically designed for shipping such items.

NOTE: For the purpose of this Rule, classes of fragile items are as follows:

(a) Electronic: For example: televisions, radios, CB's, calculators, audio and video equipment, electron microscopes, electrographs and electronic medical equipment that includes transistors, tubes and glass.

BAGGAGE REGULATIONS (Continued)

(I) COLLECTION OF EXCESS BAGGAGE CHARGES
Excess baggage charges will be payable at the point of origin for the entire journey to final destination, or at the point of origin to the point of stopover, in which event, when carriage is resumed charges will be payable from the point of stopover to the next point of stopover or destination. When on a journey for which a through excess baggage ticket has been issued there is an increase in the amount of excess baggage carried, Carrier will issue a separate excess baggage ticket for such increase and collect charges to destination or a stopover point, as the case may be.

(J) EXCESS VALUE CHARGES
(1) A passenger may declare a value for baggage in excess of 250 French gold francs (approximately $20.00) per kilogram in the case of checked baggage and 5000 French gold francs (approximately $400.00) per passenger in the case of unchecked baggage or other property. When such a declaration is made a charge for excess value will be assessed by each carrier participating in the carriage at the rate of $0.50 for each $100.00 or fraction thereof.
NOTE: In Canada the French gold franc shall be converted into Canadian Dollars in accordance with the provision of the carriage by Air Act Gold Franc Conversion Regulations SOR/83-79.
(2) This rule shall not entitle the passenger to declare such excess value for baggage in connection with carriage over Carrier's route in relation to which the above rule does not permit such declarations, unless the carriage over such route forms a part of through carriage including other routes in relation to which such declarations are permitted.
(3) Any higher declared value shall not apply to money, jewelry, silverware, negotiable papers, securities, business documents, samples, paintings, antiques, artifacts, manuscripts, irreplaceable books or publications, or other similar valuables when such valuables are included in baggage checked or otherwise delivered into the care of the carrier.

(K) VALUATION LIMIT OF BAGGAGE
No baggage of any one passenger, having a declared value in excess of $2,500.00, will be accepted for carriage by the carrier unless arrangement therefore has been made in advance between the passenger and the carrier(s) concerned.

(L) COLLECTION OF EXCESS VALUE
Excess value charges will be payable at the point of origin for the entire journey to final destination; provided that, if at a stopover enroute a passenger declares a higher excess value than that originally declared, additional excess value charges for the increased value from such stopover point to final destination will be payable.

(M) PAYMENT OF BAGGAGE CHARGES
Carrier will not be obligated to carry baggage until the passenger has paid all applicable charges or has complied with credit arrangements established by Carrier.

(N) EXCESS BAGGAGE AND VALUE CHARGES ON REROUTINGS OR CANCELLATIONS
When a passenger is rerouted or his carriage cancelled, the provisions which govern with respect to the payment of additional fares or the refunding of fares shall likewise govern the payment or the refunding of excess baggage charges and the payment of excess value charges, but no refund of value charges will be made when a portion of the carriage has been completed.

Carrier is under no obligation to ascertain that the bearer of the baggage check and baggage (claim) tag is entitled to delivery of the baggage and Carrier is not liable for any loss, damage or expense arising out of or in connection with his failure to so ascertain. Except as otherwise provided in sub-paragraph (3) hereof, delivery will be made at the destination shown on the baggage check.

(2) If the provisions of sub-paragraph (1) above are not complied with by a person claiming the baggage, Carrier will deliver the baggage only on condition that such person establishes to Carrier's satisfaction his rights thereto, and if required by Carrier, such person shall furnish adequate security to indemnify Carrier for any loss, damage or expense which may be incurred by Carrier as a result of such delivery.

(3) At the request of the bearer of the baggage (claim) tag(s), checked baggage will be delivered at the place of departure or an intermediate stopping place upon the same conditions as provided for in sub-paragraph (1) hereof, unless precluded by government regulations or unless time and circumstances do not permit. In delivering baggage at the place of departure or at an intermediate stopping place, Carrier shall be under no obligation to refund any charge paid.

RULE

SECTION IV - BAGGAGE

118 BAGGAGE REGULATIONS (Applicable to AC for transportation from/to the U.S.A.; Applicable to AZ.)

(A) CHECKED BAGGAGE

(1) Nothing contained in this tariff shall entitle a passenger to have his baggage checked on a journey for which Carrier does not offer facilities for checking of baggage.

(2) Carrier shall receive baggage on board any flight upon a baggage check for the flight having been presented for carriage and upon a baggage tag having been affixed thereto. Baggage for which a baggage check has been issued by carrier shall be delivered to the bearer of the baggage check provided however that carrier shall not be liable for any loss, damage or expense arising out of or in connection with its failure to ascertain that the person claiming the baggage is the bearer of the baggage check applicable thereto. If a person claiming the baggage is unable to present the baggage check, carrier shall deliver the baggage if such person establishes that person's right thereto to carrier's satisfaction and carrier may require such person to furnish adequate security to indemnify carrier for any loss, damage or expense which may be incurred by carrier as a result of such delivery.

(B) MOVEMENT OF BAGGAGE

Checked baggage will be carried in the same aircraft as the passenger unless such carriage is deemed impracticable by Carrier, in which event Carrier will move the baggage on the next preceding or subsequent flight on which space is available.

(C) INSPECTION BY CARRIER

Carrier has the right, but not the obligation, to verify in the presence of the passenger the contents of his baggage, and in the case of unaccompanied baggage to open and examine such baggage whether or not the passenger is present. The following items will be carrier as baggage only after prior consent of and arrangement with the carrier, with exceptions to the acceptance of certain items clearly indicated:

EXCEPTION 2: Rifles of Armed Forces Personnel, when retained by the passenger at his seat position, need not be packed in a case.

(2) Explosives, munitions, corrosives and articles, which are easily ignited: Includes all items listed in the D.O.T.
