* Points for hotels are earned in accordance with the rates and terms and conditions determined by the hotel and are subject to change. Members should check the applicable rates, terms and conditions with the relevant hotel before purchasing. Consecutive nights at the same hotel will be considered as one stay, regardless of the number of check-ins. Points cannot be split between two or more members occupying the same room.

Important Information

Unless stated otherwise, where points# are awarded for the amount spent at the hotel (Eg: 3 points per Australian dollar) the charges qualifying for points:

- Must be charged to the member's room;
- Include charges for accommodation, food, beverages, laundry and telephone calls;
- Exclude charges of a convention and gaming nature;
- May be limited to expenditure for one room only or for a limited number of rooms

A stay is one night or several consecutive nights spent at a single property, even if the member checks in and checks out more than once during that period.

To ensure you receive your points:

- When booking, please quote your Qantas Frequent Flyer number and check that the room rate qualifies for points. Some discounted, group, wholesale, convention, package and special promotional room rates do not earn points; and
- When checking in and when checking out or paying your hotel account, please present your Qantas Frequent Flyer card and remind the hotel staff that you wish to receive points for your stay.

Some wholesale, industry and package rates do not attract Qantas Frequent Flyer points. Qantas Frequent Flyer points may only be awarded for a maximum of seven nights per stay. Refer to section 9.6 of the terms and conditions for further details including points calculations, exclusions and restrictions.
